2024 ANNUAL REPORT

ARCHER COUNTY APPRAISAL DISTRICT

Kimbra York, Chief Appraiser

SCOPE OF WORK

The Archer County Appraisal District (ACAD) is a political subdivision of the State of Texas created effective January 1, 1980. The Constitution of the State of Texas and Texas Property Tax Code govern the legal statutory, and administrative requirements for the appraisal district.

MISSION

Our Mission is to provide uniform, fair, and equitable appraisals of all real and personal property located in Archer County. It is also our mission to provide information and assistance to the public in a professional and courteous manner.

ADMINISTRATION

The appraisal district is governed by a Board of Directors, elected by the taxing units within the boundaries of Archer County. Their primary responsibilities are to establish the appraisal district office and to appoint the Chief Appraiser. The Chief Appraiser is the chief executive administrator of the appraisal district.

TAXING UNITS

The appraisal district is responsible for local property tax appraisal and exemption administration for thirteen (13) taxing units in the county. They are Archer County, Archer City ISD, Holliday ISD, Windthorst ISD, Iowa Park CISD, Jacksboro ISD, Olney ISD, Hamilton Hospital District and the cities of Archer City, Holliday, Lakeside City, Megargel, and Windthorst. Property tax appraisal are estimates of market value prepared by the appraisal district by which each of the taxing units sets a tax rate and allocates the year's tax burden on the basis of each taxable property's appraisal.

WHAT IS AD VALOREM PROPERTY TAXES?

According to Section 11.01 of the Texas Property Code all real and tangible property that this state has jurisdiction to tax is taxable unless exempt by law. The definition of ad valorem is according to value, therefore the ACAD is bound by law to appraise every parcel of land, every residential improvement, every commercial improvement and any other type of property in Archer County at the current market value unless some part of the value is exempt by law.

DEFINITION OF VALUE

According to the Uniform Standards of the Professional Appraisal Practices, the definition of market value is the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition are the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- Buyer and seller are typically motivated
- Both parties are well informed or well advised, and acting in what they consider their own best interests
- A reasonable time is allowed for exposure in the open market
- Payment is made in terms of cash in U.S. dollars or times of financial arrangements comparable thereto and
- The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

APPEAL INFORMATION

Appraisal notices are mailed on or around April 15th of each year. Each taxpayer has the right to appeal the appraised value of their property to the Appraisal Review Board if an agreement cannot be reached between the taxpayer and the appraisal district.

NEW CONSTRUCTION

51 new homes were added to the appraisal roll.

6 new mobile homes were added to the appraisal roll.

RATIO STUDY ANALYSIS

Ratio studies are performed on sold properties throughout the year to determine the market value of the properties. If sales are consistently higher or consistently lower than the current valuation on the property, a closer look is needed to determine if the market value has changed.

CONCLUSION OF 2024 MASS APPRAISAL PERFORMED

2024 is the 2nd year of the new Reappraisal Plan and we have gone back to working a full ISD. The improvements worked were in Archer City ISD, Windthorst ISD, Olney ISD and Jacksboro ISD. With the sales in Archer County, and after working ratio studies, it was determined that the PSF schedules were below market value and needed to be adjusted again for 2024. After the adjustment was made, the means on all the market areas improved.

Archer City ISD had 23 residential properties sell in the district with a mean of 84%. It was determined that the sales indicated that the residential properties were being appraised below market value and a change was needed. The increase was tested and the mean improved to 98%.

Holliday ISD had 32 residential properties sell in the district with a mean of 79%. It was determined that the sales indicated that the residential properties were being appraised below market value and a change was needed. The increase was tested and the mean improved to 99%.

Ratio studies on all school districts (Olney ISD, Iowa Park CISD, Jacksboro ISD, Windthorst ISD) and all other towns (Windthorst, Megargel,) were performed and any change other than the straight schedule change was not indicated.
